## Summary

---

CSE (AIML) undergraduate at GIET University with strong foundations in Machine Learning and Cybersecurity. Experienced in building practical ML applications with focus on security, including fake account detection and phishing detection systems. Proficient in data preprocessing, feature engineering, model training, and deployment using Flask. Seeking internship opportunities in Machine Learning, Cybersecurity, or Software Development to contribute to real-world systems and advance technical expertise.

## EDUCATION

---

### Gandhi Institute Of Engineering and Technology

Btech Computer Science(AIML) GPA: 7.55

Gunpur,Odisha

2024 - 2028

### Lakshmipat Singhania Public School

Intermediate

Rayagada

- 2024

## SKILLS

---

|                                    |                                   |
|------------------------------------|-----------------------------------|
| Programming Languages:             | C, C++, Java, Python              |
| Cybersecurity and Ethical Hacking: | Computer Networks, Linux          |
| Machine Learning:                  | Numpy, Pandas, Scikit-Learn       |
| Data Structure and Algorithms:     | C++                               |
| Tools Used:                        | Git, Jupyter Notebook, Kali Linux |

## PROJECTS

---

### Social media fake account detection:

Developed a Machine Learning model to identify fraud or fake social media account. The user needs to enter the username of the suspected account and model predicts the output according to the number of followers, following, posts, etc.

### PhishScanner:

A web-interface where it can detect whether the email or message is fake or not. User provides email or message as input and it classifies whether the content is fake or not by detecting some frequently used phishing keyword

### PassForge (Ongoing)

A password generator as well as password checker which classifies the password as strong or weak. the password.

## ACHIEVEMENTS

---

### Jury Award

Received a jury award at srujanathon conducted by Gietu at their tech-fest Srujan 4.0

GIET University
